The Honorable Walter Fauntroy  
Chairman  
Subcommittee on Historic Preservation and Coinage  
Committee on Banking, Finance and Urban Affairs  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Mr. Chairman:

The League of Women Voters of the United States supports HR 102728, a bill introduced by Representatives Oakar and Schroeder to authorize placing the image of Susan B. Anthony on the proposed one dollar coin.

The League believes that the time has come, and is indeed long past, for the likeness of a prominent American woman to be placed on a denomination of U.S. currency. We believe strongly that the likeness should be that of an actual woman and not that of an imaginary or symbolic figure. Susan B. Anthony contributed immeasurably to the advancement of human dignity in this nation. It is entirely fitting and appropriate that her memory be honored through this measure.

We urge the Subcommittee to act favorably on HR 102728.

Sincerely,

Ruth J. Hinerfeld  
President
